RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

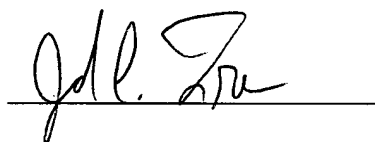

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This election of invention is in response to the Restriction Requirement mailed June 16, 2003. In the Restriction Requirement, Applicants were required to elect one of the following inventions: 1) Claims 1-5 drawn to an audience survey (Group I), 2) Claims 6-11 drawn to transmitters and receivers (Group II), 3) Claims 12-24 drawn to position based personal services

(Group III), 4) Claims 25-50¹ drawn to space satellites (Group IV) and 5) Claims 51-61 drawn to receivers for satellite broadcast (Group V). Applicants elect, with traverse, the invention of claims 25-50 (Group IV). Applicants traverse the election/restriction requirement in that there would be significant overlap in the searches for the various inventions. Since there would be no undue hardship for the Examiner to examine each invention, the election/restriction requirement is improper and should be withdrawn. Note that Applicants reserve the right to file one or more divisional applications regarding the inventions of claims 1-24 and 51-61.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "John C. Freeman", is written over a horizontal line.

¹ The grouping of claims 25-60 appears to be in error. Applicants will treat the grouping as being claims 25-50.
